

Module	Section	FAQs
User onboarding	Signup	How is my mobile number and email address validated? - To validate your mobile number and email address, we use separate one-time passwords (OTPs) sent to the respective contact methods provided during sign-up. This extra layer of security helps us ensure that the contact information you've provided is accurate and belongs to you. What if I don't receive the OTP for mobile or email validation? - If you don't receive the OTP for mobile or email validation, please check your spam or junk folders. If you still haven't received the OTP after a few minutes, you can request a resend option. Make sure to double-check the accuracy of the mobile number and email address you've provided. Can I access my compoundexpress account from multiple devices? - Yes, you can access your compoundexpress account from multiple devices, including smartphones, tablets, and computers. Simply log in using your registered email address or mobile number and password to access your account securely from any compatible device with internet connectivity.
	Login / Forgot password	How do I log in to my Compoundexpress account? - To log in to your Compoundexpress account, simply visit our website or open our mobile app and enter your registered email address or mobile number along with your password. Upon entering your credentials, you'll be prompted to complete a two-factor authentication (2FA) process for added security. What is two-factor authentication (2FA)? - Two-factor authentication (2FA) is an additional layer of security designed to ensure that only authorized users can access their accounts. In addition to your password, 2FA

		requires you to provide a second form of verification, typically a one-time password (OTP) sent to your registered contact details. 3. What if I don't receive the OTP for 2FA during login? a. If you don't receive the OTP for 2FA during login, please check your mobile inbox or email spam folder. If you still haven't received the OTP after a few minutes, you can request a resend option. Ensure that the contact details you've provided are accurate and up to date. 4. What should I do if I forget my password? a. If you forget your password, simply click on the "Forgot Password" link on the login page. You'll be prompted to enter your registered email address. After verifying your identity, you'll receive a one-time password (OTP) via SMS or email to reset your password. 5. How does the forgot password process work? a. When you initiate the forgot password process and enter your registered email address, a one-time password (OTP) will be sent to the respective contact details provided. You'll then use this OTP to verify your identity and create a new password for your compoundexpress account.
Product Offering	Mutual fund	1. What is Compoundexpress ? a. Compoundexpress is a comprehensive digital platform that offers a range of financial services, including mutual fund distribution, to provide seamless investment solutions for clients. Our platform is designed to simplify investment processes and enhance the overall experience for distributors and their clients. 2. . How can Compoundexpress benefit mutual fund distributors? Compoundexpress offers several benefits for mutual fund distributors, including: ○ Streamlined onboarding and KYC processes for clients. ○ Real-time tracking and management of mutual fund portfolios. ○ Access to a wide range of mutual funds from various fund houses.

		○ Advanced analytical tools and reports to assist in investment decisions. ○ Seamless transaction processing and customer support. 3. How can I get started with mutual fund as a distributor on Compoundexpress? a. To get started with mutual fund, click on Activate Product and enable Mutual fund as a product by providing details like ARN and RTA consent to fetch the data. 4. How does CompoundExpress enhance business growth for MFDs? CompoundExpress offers a powerful platform that helps MFDs reach more clients, streamline transactions, and provide comprehensive reporting tools, driving both client acquisition and revenue growth. 5. We are comfortable doing transactions with other channels i.e. BSE/NSE/MFU how will the data be available to us? Irrespective of the mode of transaction the data will be pushed to us by the RTA and the same will be available to you for viewing. 6. We have transacted through BSE/NSE in the past can I transact in the same folios and funds on CE? Yes, there are no restrictions on transactions.
Product activation	RTA consent	1. Why do I have to provide RTA consent? a. Your consent is crucial for compoundexpress to access your data from RTAs, which includes WBR and MFSD reports from CAMS and Kfintech. We will process your data to generate reports and insights, enhancing our services. 2. How do I give consent, and why is an OTP required? a. To give consent, you need to confirm using a one-time password (OTP) sent to your registered mobile number by the RTAs. The OTP serves as a secure method to verify your identity and ensures that you are willingly granting permission for data access. 3. Can I revoke my consent at any time?

		a. Yes, you have the right to revoke your consent at any time. You can manage your consent settings through your account preferences. 4. How often is data updated after consent is provided? Data will be regularly updated based on the frequency allowed by the RTAs and the platform's integration with them. Typically, this happens daily, ensuring that MFDs have access to the most up-to-date information. 4. Is my data used for any purpose other than analysis and service improvement? a. No, the primary purpose of accessing your data is for analysis to enhance our services. Your data will not be used for any other purpose without your explicit consent.
	Contract esign	1. Why do I need to eSign the contract? As a Mutual Fund Distributor, signing the contract is a mandatory step to activate Mutual Fund services on our platform. It ensures compliance with regulatory requirements and establishes terms for transactions and reporting. 2. What is the consent process, and why is it required? The consent process allows us to fetch your Mutual Fund data from RTAs (Registrar & Transfer Agents) for reporting and transaction facilitation. This consent is verified via OTP authentication before proceeding with the eSign. 3. How do I complete the eSign process? Once you provide the necessary details and complete the consent process, you will be redirected to an eSign portal in a new tab. Authenticate using your Aadhaar-linked mobile number and complete the digital signing. 4. What happens if I don't complete the eSign process? You must complete the eSign within 7 days. If not completed within this period, your consent will be revoked, and you will have to restart the entire process.

		5. What should I do if my Aadhaar is not linked to my mobile number? If your Aadhaar is not linked to a mobile number, you can download the contract, physically sign it (wet signature), and upload the scanned copy. 6. For corporate ARNs, who needs to eSign the agreement? For corporate ARNs, the Authorised Signatory (AS) listed in the KYD (Know Your Distributor) records must complete the eSign process. If multiple signatories are required, each AS will receive a contract link, and the final document will include all signatures. 7. How can I check the status of my eSign process? You can check your eSign status on your dashboard. If pending, you will see an alert with a "Complete Signing Now" CTA to resume the process. 8. Where is the signed agreement stored? Once successfully signed, the agreement is securely stored on our SFTP server under the respective RTA folder for validation and compliance purposes. 9. Will I receive reminders for completing my eSign? Yes, you will receive periodic reminders via email and SMS if your eSign process remains incomplete. 10. Whom should I contact for assistance with eSign or consent issues? For any issues related to eSign or consent, please reach out to our support team at support@compoundexpress.com
	Revoke	1. What does revoking consent mean? Revoking consent means that you, as a Mutual Fund Distributor (MFD), are withdrawing your authorization for the platform to access your mutual fund data from RTAs

		(CAMS/KFin). This will result in the loss of access to Mutual Fund reports and transaction services on the platform. 2. Can I revoke consent for only one RTA instead of both? Yes, you can choose to revoke consent for either CAMS or KFin separately or revoke consent for both RTAs at the same time. 3. What happens after I revoke my consent? Once consent is revoked: • You will no longer receive updated mutual fund reports or transactions from the RTAs. • Your access to mutual fund-related features on the platform will be restricted. • You will receive notifications via email and SMS confirming the revocation. • If you revoke for one RTA only, you will still have access to the other RTA's reports and transactions. 4. How long does it take to process my revoke request? The revoke request typically takes 4-5 working days to process. You will receive notifications via email and SMS once the revocation is complete. 5. How do I initiate a revoke consent request? You can initiate the revoke request from the platform's UI by navigating to the consent section and selecting the revoke option for the respective RTA(s). 6. What will be the process of revoke once the request is raised from the UI? Once you raise a revoke request from the UI: • A Service Request (SR) will be generated in the backend. • The Customer Service team will contact you to take a recorded confirmation of your revoke request. • If you confirm, the revoke request will be processed, and you will be notified via email and SMS. • If you decide to cancel the revoke request, you can do so directly from the UI before final processing.
--	--	--

		8. Can I cancel my revoke request after submitting it? Yes, you can cancel the revoke request from the UI before the final processing. 9. What features will be affected after revoking consent? • You will lose access to mutual fund reports and transaction history from the revoked RTA(s). • Your ability to perform transactions (like purchase, redemption, or SIPs) on the platform will be disabled. • You will see alerts prompting you to reactivate consent to regain access. 10. Will my transaction history be deleted after revocation? Your historical transactions on the platform will be archived for audit purposes and retained for at least 7 years. However, RTA-specific report data will be deleted upon revoke confirmation. 11. How can I regain access after revoking consent? To regain access, you need to reactivate consent by going back to the consent section and approving data access again for the respective RTA(s). 12. What happens if my subscription expires? If your subscription expires and is not renewed within 30 days, consent will be automatically revoked, and your data will be deleted as per policy. 13. Will my consent be revoked if I don't log in for a long time? Yes, if you have not logged into the platform for more than a year, your consent will be automatically revoked, and data deletion will follow.
Transactions	Kyc	1. What if I don't have a DigiLocker account? a. If you don't have a DigiLocker account, you need to enter your Aadhaar number and complete the authentication via OTP. You will receive the OTP on your Aadhaar-linked mobile number. Once the verification is complete, your DigiLocker account gets activated immediately. 2. What if I am not able to connect to my DigiLocker account? a. If you are not able to connect to your DigiLocker, you can upload your POA manually

		and proceed with the video KYC method. Below are the POA options to upload in case of video KYC. i. Passport ii. Voter ID iii. Driving licence. 3. What is Aadhaar eSign? a. As per SEBI's new regulations, it's mandatory for users who are yet to complete KYC verification for mutual funds to digitally sign the KYC application. You will be asked to enter the OTP sent to the mobile number you've linked to your Aadhaar card to digitally sign the document. 4. How long will it take for the customer KYC to be completed? Once all the formalities for the KYC are completed, the KYC will get completed in a few minutes
	MFD success page	1. What if my client didn't receive email within 10 minutes? a. Ask your client to check the spam or junk folder in that case. The email may also go to Updates or Promotional folders. We recommend that your client should categorize our email as important to ensure these emails go to Inbox in future. 2. When will the transaction get processed? • Purchase (Lumpsum): ○ Transactions authorized before the cut-off time of the respective scheme(s) on a business day are typically processed the same day. ○ However, the final NAV application depends on the day the payment is realized in the AMC's account. Transactions authorized after the cut-off time are processed on the next business day. • SIP (Systematic Investment Plan): ○ SIP transactions are processed on specific dates chosen by the investor (SIP dates). ○ The NAV application is subject to the SIP amount being realized in the AMC's account.

		• SWP (Systematic Withdrawal Plan) and STP (Systematic Transfer Plan): ○ These transactions are processed on specific dates selected by the investor (or next business day if it's a non business day on the specified date), and the NAV applicable on the transaction date is used for the withdrawal or transfer of units. 3. How will the transactions get routed? All the transactions will get routed through MF Central.
	Declarations	1. What is FATCA? a. FATCA (Foreign Account Tax Compliance Act) is a United States federal law aimed at preventing tax evasion by U.S. citizens and residents through the use of foreign accounts. It requires foreign financial institutions to report information about financial accounts held by U.S. taxpayers to the Internal Revenue Service (IRS). 2. Who needs to comply with FATCA? a. All mutual fund investors, including individuals and entities, who are U.S. citizens, U.S. residents, or entities with substantial U.S. ownership need to comply with FATCA. Even non-U.S. investors may need to provide certain information to determine their FATCA status. 3. What is a nominee declaration? a. A nominee declaration allows mutual fund investors to designate one or more individuals (maximum 3) who will receive the benefits of their investment in the event of the investor's demise. This ensures that the investment proceeds are smoothly transferred to the designated beneficiaries. 4. Why should I appoint a nominee for my mutual fund investments? a. Appointing a nominee ensures that your investment benefits are transferred to your chosen beneficiary without any legal hassles. It simplifies the process for your family or dependents during an already difficult time.

	Payments	What all options are available for transaction payment? - For Lumpsum you can pay via UPI or Netbanking and for SIP you will have to register a mandate specific to CAMS and KFIN. Can I change my payment type while authorising the transaction? - Yes, you can change the payment method and bank account while authorising the transaction. You can click on the Change Payment Method button and follow the instruction to change the payment method and bank account. What if my account is debited but the transaction has failed? - First, don't worry. This usually happens because of a payment failure at your bank's end or at times even due to poor internet connectivity. Rest assured, if your account has been debited, units will be allotted after receiving a confirmation from your bank. If your units are not allotted within 2-3 days, your money will be refunded. You can contact us at support@compoundexpress.com for any queries
	Mandates	What is an eNACH? eNACH (Electronic National Automated Clearing House) is an online authorization process that allows investors to provide their bank details for automatic SIP payments. This mandate enables the bank to debit the investor's account on the chosen SIP date without manual intervention. Why is an eNACH mandate required for SIP transactions? An eNACH mandate ensures that the SIP payments are processed automatically and on time, eliminating the need for investors to manually authorize payments each time. It is a secure and reliable method for facilitating recurring investments. What are different types of mandates available on compoundexpress? - There are 2 types of RTA mandates available on compoundexpress, CAMS and KFINtech.

each mandate can be used to make SIP payments for an AMC serviced by that particular RTA.

4. **When will my SIP payments be debited from my bank account after the mandate is created?**

Once the eNACH mandate is approved, the SIP amount will be automatically debited from your bank account on the chosen SIP date as per the frequency you select (monthly, quarterly, etc.).

5. **How long does it take for the eNACH mandate to be activated?**

A: The eNACH mandate is typically activated immediately once authorised. Investor will receive a confirmation once it is successfully activated.

6. **We have mandates for our customers registered on BSE/NSE/MFU can we use the same mandates on CE?**

Since the mandates are registered on a different platform they cannot be used on CE, however, you can continue to transact on BSE/NSE and the transactions will be available/visible on CE.

7. **Why does investor need to register two mandates for the two RTAs why can we not set one mandate like BSE?**

We are a software provider and money collection is carried out by respective AMCs, where we will use through payment gateways. Since there is no single entity allowed to collect money for both the RTAs hence the mandates must be set separately. The process is efficient.

8. **How many banks currently support eNACH?**

33 banks (authorised by NPCI) currently support eNACH. Here is a list for your quick reference:

The loan against mutual funds credit line facility provides 100% flexibility for principal repayment at any time during the tenure of the
--	--	---

loan. Interest is charged only on the utilized amount and for the duration the funds are utilized. After the month ends, only the interest needs to be repaid.

7. What are the documents/credentials required for availing Loan against Mutual Fund?

a. The entire process is 100% digital, so there is no requirement for any physical documents for loan against mutual funds. To ensure a smooth and quick processing, please have the following information handy:

- PAN card number
- Email ID associated with CAMS and K (for mutual fund verification)
- Aadhaar card number and Digilocker PIN for KYC document fetching
- Bank account details for account verification and receiving the loan amount
- Debit card or net banking details for setting up the mandate.

8. What is lien marking/pledging of Mutual Funds?

a. When your client opts for a loan against your mutual fund units, our partner digitally lien marks/pledges their mutual fund units in the favour of the lender. This ensures that the units cannot be redeemed or sold until the loan amount is repaid. The lien marking process is conducted entirely digitally and in real-time for loan against mutual funds.

9. Can my client lien mark any mutual fund units of their choice?

a. Our platform offers complete flexibility when it comes to choosing the mutual fund units your clients want to lien mark for setting up the loan limit. They have the freedom to choosing the schemes and units according to their preferences and create their own allocation for lien marking.

10. When will the lien marking on my client's funds be removed?

a. Your clients have the flexibility to request the removal of lien from their mutual fund units at

		any time, provided there is no pending loan amount against them. Depending on their current loan amount and utilization, they can choose to remove the lien from specific mutual fund units or from all the units they have pledged.

MF Product Catalogue		1. Where can I see my mutual fund scheme details? a. Go to Left menu > Mutual Funds > Fund > Explore Funds. 2. What are the different categories of mutual fund schemes data available on the platform? a. The platform lists mutual fund schemes across all asset classes and categories, such as: - Equity - Debt - Hybrid - Commodity and others. 3. What is an NFO or New Fund Offer? a. A New Fund Offer (NFO) is the initial period when a new mutual fund scheme is launched. During this period, investors can subscribe to the fund by purchasing its units. 4. What is the meaning of Minimum Investment Amount mentioned for each mutual fund scheme? a. The Minimum Investment Amount for a mutual fund scheme is the smallest amount of money you need to invest in that particular scheme. Some schemes have a very low minimum investment, while others may require a higher

amount. The minimum investment amount varies for lumpsum and SIP investments.

5. **Which plans are available on Compoundexpress to transact in a mutual fund scheme?**

- a. Compoundexpress currently only supports the "Regular Plan" for all mutual fund schemes.

6. **Can i download a detailed summary of a mutual fund scheme?**

- a. Yes, you can download a PDF file called 'Fund Card' for any mutual fund scheme. A Fund Card is a concise summary that provides key information about a specific mutual fund scheme. It's a valuable tool for quickly assessing a fund's characteristics and making informed investment decisions.

Fund cards offer a standardized format for comparing different funds and understanding their potential risks and rewards. They typically include the following information:

- Fund Name and Category
- Riskometer
- Fund Manager
- Investment Objective
- Asset Allocation
- Historical Performance
- Expense Ratio
- Exit Load

7. **What is Expense Ratio?**

- a. The expense ratio is a fee charged by a mutual fund to cover its operating expenses.

8. **What is Exit Load?**

- a. An exit load is a fee charged by a mutual fund when you redeem your units before a certain period. It is different for each mutual fund scheme.

9. **Can I customize the reports?**

- a. You can use the filters on the page to analyze the data or find specific mutual fund schemes. The facility to create custom reports is not available.

10. **How often are the reports updated?**

		a. The data points present on all mutual fund scheme pages are being updated on each business day after the posting cycle of respective RTAs is completed. 11. Who can access the mutual fund catalogue pages? a. Only authorized users can access this data. Authorised users include the MFD and those employees of MFD whom they have extended the access of Compoundexpress platform. The MFD has full control on which user can access which feature of the platform. 12. I can see error in the data being displayed. How can I report this? a. While we are sourcing mutual fund schemes data directly from data providers to provide you glitch free experience, there can be a possibility that we may have interpreted any data point incorrectly due to multiple reasons. For all such cases, you can share your concern with us on this email id – support@compoundexpress.com (to be confirmed).
